HOW TO USE THE AUTOMOBILE GREEN BOOK

Read carefully so that you may
use the book to the best advantage.

FIRST:

Refer to the general index map in back of book and locate starting point and destination. Arrows show the direction of route. On the reverse of the folded map is a key map showing route numbers and terminals.

SECOND:

If unfamiliar with location on folded index map refer to index of Cities and Towns beginning on page 836. If the town is on the index map its location will be shown by key letter and number.

THIRD:

If town is not in New England but is on a charted route, the numbers of the routes are given in the index of Cities and Towns. By referring to the key map on reverse of folded map you will find the terminals of each route.

FOURTH:

Turn to the route number in the book for complete running directions.

FIFTH:

Important—Slight variations between running instructions and pole markings as given at route headings may at times exist, as in some instances highways have been numbered in anticipation of improvements. Also in some instances, highway numbers as given cover only part of the route, the balance being over some highway that has not been given a number. Minor changes in U. S. Highway System are under consideration at time of going to press, therefore running instructions should be followed generally, rather than depending entirely upon pole markings. Many routes will also be found entirely without pole markings, not being a part of the numbered system.

TABLE OF CONTENTS

How to use the Automobile Green Book	Above
This should be carefully read as it will be found very simple, if used correctly.	
General Map	Back of Book
This folded map shows the towns and cities with their correct geographical location. On the reverse is shown the outline key map of all routes. Arrows show the direction of routes.	
General Index of Cities and Towns	836
This index contains all cities and towns through which the various routes pass. Shows also the terminals of all routes. Under the town name is given a classified list of the advertisers. Immediately after the town name is given the key letter and number showing the location on the general map.

GOLF CLUB GUIDE

THIS Guide is designed to list alphabetically by cities or towns all golf and country club courses in the states east of the Mississippi River and Eastern Canada.

Non-members of regular golf organizations will find that most of the leading hotels north and south can arrange playing privileges. Where there are no links directly connected with a hotel it may be found from the Golf Club Guide that there are public or municipal courses where play may be enjoyed upon payment of a reasonable fee. The golfing tourist will also find the Guide a ready reference to stopping places where there are nearby links.

In the Pine Belt of Southern New Hampshire

70 miles from Boston on State Rd.
100 Rooms—50 with Private Bath
30 Open Fireplaces Electric Elevator

Very accessible to cities of southern New England and New York. But a short distance north of the Mohawk Trail. A modern Inn, rooms with or without bath, open fireplaces and steam heat. Distinctively popular as a winter home. Winter sports are fishing through the ice, "sugaring-off" and "marshmallow" toast parties. Summer charms are forest trails, mountain climbing, boating, bathing, tennis, horse-back riding, music, dancing, library.

NEWBURYPORT was settled in 1635 by Rev. Thomas Parker and a score of his friends. It was incorporated as a town in 1764 and during the Revolution a number of privateers sailed from this port. Newburyport was a noted shipping port and many famous and swift ships were built here. It is a thriving town with many industries and particularly noted for the excellence of its shoe manufacture. Among the places of interest are the Coffin House (built 1650) 7 High St.; Ilsley House (built 1670); The Lord Timothy Dexter House (built 1771) 201 High St.; First Presbyterian Meeting House on Federal St.; Birthplace of William Lloyd Garrison on School St.; the Historical Society, 180 High St. and the Public Library, 94 State St.

THE NEWBURGH FERRY

is the Best and Most Reliable Ferry on the Hudson above New York

It operates its boats the year around from 6.00 a. m. to 11.45 p. m.

It is the only ferry with large, modern screw boats, or that runs two boats on its line every day in the year.

The strategic connection between points in the southern tier of New York, Pennsylvania or New Jersey, and Berkshires, White Mountains and New England points.

During the summer months we make sixty-three trips daily, using two boats.

The third boat is put on the route on Holidays, and every Sunday afternoon until November.

WARNING TO MOTORISTS

BEWARE OF CARBON MONOXIDE GAS

Don't start your engines unless garage windows or doors are open. All gasoline engines, when operating, generate Carbon Monoxide Gas. This gas is an insidious and fatal poison. It is invisible, odorless, tasteless and non-irritant. A small quantity, breathed into the lungs, means almost immediate death.

FRESH AIR ONLY WILL AVERT THIS DANGER
Fresh air through open doors and open windows.

LOWER ARCH BRIDGE

NIAGARA
FALLS
NEW YORK

The route from eastern to western points is two miles shorter over our bridge than the other one, and the tourists likewise avoids the congested parts of the city. We have an efficient information bureau where the tourist can obtain general touring data regarding different routes in Canada and United States, and permits and immigration and customs regulations. We have rest rooms and a parking space for their cars. In fact we want to make our watch word "Service," and our patrons will always have quick and polite attention.

The tolls are as follows: One car with two people, 25 cents; with three people, 30 cents, and 10 cents additional for each person over three.

THE AUTOMOBILE LEGAL ASSOCIATION

ORGANIZED 1907

Membership Covers United States and Canada

See List of Offices on Next Page

Brief Statement of Benefits

LEGAL DEPARTMENT

Defense when charged with—Any violation of the automobile laws (except driving while under the influence of intoxicating liquor), including:

Over-speeding. Failure to slow down and give a timely signal. Cutting corners. Allowing an automobile to be parked beyond the time limit. Allowing an automobile to smoke excessively. Alleged reckless driving. Alleged driving to endanger the lives and safety of the public. Going away without making oneself known after causing damage. Making an unnecessarily harsh noise with a horn or other device. Violation of city and town traffic rules. Violation of rules and regulations of Park Commissioners.

Defense when sued, for damage to the property of another.

Legal advice, in any matter in which members are interested as automobilists, including:

Threatened suits. Criminal complaints. Laws relating to building of garages. Interpretation of contracts. A member's rights under a conditional bill of sale. Claims of members against third parties.

78% of our cases were won last year.

TOURING DEPARTMENT

New England and New Jersey members receive a copy of the A.L.A. Green Book covering their territory. Road maps are supplied on request.

In addition, upon request, information regarding:

Road conditions and detours. Hotels and garages. Camp Sites. Automobile laws of other states, etc. This department will prepare itineraries and routes for any trip desired.

We planned trips covering over 12,000,000 miles of road last year.

GARAGE SERVICE

Emergency road service rendered to our members at our expense, including such service as the repair of:

Broken springs. Broken steering gear. Clutch trouble. Brake trouble if the car cannot be safely operated. Broken wheels. Ignition trouble. Battery trouble. Bringing gasoline and oil. Changing tires. Troubles that prevent the car from being operated under its own power.

If repairs cannot reasonably be made upon the road the member can be towed at our expense.

The cost of parts or other accessories, and labor performed in a garage is not paid for by us.

Over \$100,000 paid last year to garages rendering this service to our members.

OFFICIAL MAGAZINE

The Automobilst, published monthly, fully illustrated, contains:

Touring information and up-to-the-minute automobile articles. New laws, legislation and court decisions. New automobile accessories and motor cars. Road conditions and detours. A complete and revised list of our attorneys and official garages.

EMBLEM

The nickel and blue emblem is known to all and its presence on any car accords its owner many courtesies and privileges not otherwise enjoyed.

FEE

The membership fee of \$12.00 for the first year and \$10.00 for each succeeding year, covers one car and entitles the member to any or all of the foregoing service. Each additional car \$1.00 less. The membership runs for one year from the date it is taken out. There are no additional fees or assessments whatever.
